Jim Lacy has purchased Quick Books Pro software for the Association. There have been 93 membership renewals so far. We now have 4 sponsoring members. We would like to get the membership directory mailed by April 1, 2001, and ballots mailed by April 7, 2001. The Association should not have to file anything but information for taxes.

*2001 Nebraska GIS Symposium*

Ed Kelley informed the board that Dept. of Roads would cover the cost of printing the membership brochures. Scott Richert has started the annual report. The bylaws do not need to be mailed out again, as it is available on the web. It has been decided that sponsors can vote. There is still a need for raffle items. The NASA workshop is coming along nicely, but we still need to decide what to do with the data money.

Status of the GIS Update Newsletter

Scott Richert has spoken with Jeff Peake and the newsletter should be ready soon. Ed Kelley said that Dept. of Roads was printing that as well.

MWGLAIUG Conference?

A while back Scott McIntyre asked the board if we would be interested in hosting the ESRI based meeting. The board decided that we had too much to do and would decline.
